Gated Community to build 9 Houses in Tomar, central Portugal

It is located 1 km from the historical center of the city of Tomar.

It has license to pay for the execution of a closed condominium, for 7 single family houses (7 fractions) and 1 bifamiliar (2 fractions) and respective infrastructures.

The license issued by the Municipal Council of Tomar is unique, which allows to build the housing and its streets at once, which includes all infrastructure, such as water, sewerage, gas, telecommunications and electricity.

If the owner wishes to opt for the construction phase, it will be authorized by the House. You can construct the houses in isolation, but you will always have to build the street and the infrastructures that allow the dwellings to be able to live.

As the condominium was approved as a gated community, you can in the entrance area build a concierge with security 24 hours a day.
